The San Joaquin Valley Premier Soccer League is a US CLUB Soccer sanctioned soccer league which currently has a playing circuit as far north as Fresno/Madera and as far south as Bakersfield.

ADVANTAGES OF PLAYING IN THE SJVPSL AND US CLUB SOCCER

1. US Club Soccer has state and national cup competitions.
2. Participate in any tournament open to US Soccer Federation affiliated members. *NO TRAVELING TEAM PAPER FEES*
3. League provides tryouts, camps and seminars free of charge for SJVPSL players and coaches; most events are conducted by professional, collegiate and national scouts and coaches.
4. Save money by playing locally and not traveling to weekend tournaments and having to spend on gas, food, lodging, etc
5. Roster size is 26. Players can play down if they are age appropriate. For example, you have a U13 player playing on a U14 team. On game day, the younger player registered to the older team can "guest" play on the younger team. The guest player can play two different division games on the same day, per SJVPSL rules.
6. Each club or manager/coach is responsible for registering their team, adding and dropping players on your computer. Register a player on Thursday; receive the player card by Friday on your own computer.
7. Each coach completes a risk management assessment online and risk management cards are certified for two years.
8. Online scoring and standings system on league website: www.sanjoaquinpremier.com
9. PDP and ID2 program that identifies quality players for national team possibilities.
